

Gadsden County Extension

Vegetable Garden Care and Maintenance Workshop for home gardeners!

Vegetable Gardening workshop in Gadsden County is essential for home gardener's training in various aspects of maintaining your garden. Gardening is a continuous process where gardeners should be well informed on the options to help grow and properly maintain your garden plants. Topics to be discussed at the workshop will be insects and weed control, watering and nutrient managements.

Contact person: Lester Muralles

Date: 05/11/2009

Time: 6:00 – 8:00 PM

Workshop to be held at the Gadsden County Extension Office (Livestock Pavilion).
